STEPHEN J. HARKAVY  
SADIE ZEA ISHEE  
Of Counsel

SADIE ZEA ISHEE, ESQ., an attorney admitted to the practice of law in the State of New York and before this Court, declares, under penalty of perjury, in accordance with 28 U.S.C. § 1746, that:

1. I am a staff attorney with Mental Hygiene Legal Service (MHLS), First Judicial Department, which is counsel to the plaintiffs in this case.
2. The class proposed by the plaintiffs consists of “all persons retained at Kirby Forensic Psychiatric Center (“Kirby”) under Mental Hygiene Law (“MHL”) § 9.33 who originally entered Kirby as Criminal Procedure Law (“CPL”) § 730.40 patients, and all § 730.40 patients whose retention may be sought during the pendency of this action.” As fully set forth in the complaint, MHLS believes that a constitutional wrong is being perpetuated against patients who are retained at Kirby with the legal status defined above.
3. MHLS identified members of this putative class from among the patients at Kirby based solely on their legal status. At the time this action was filed, MHLS had identified 13 persons at Kirby whose legal status met the parameters defined above.
4. To identify these persons, MHLS reviewed the census of Kirby residents that Kirby provides to MHLS on a regular basis (known as the “Alpha Report.”). This list includes the name, date of birth, social security number, and date of admission for every patient at Kirby. The Alpha Report relied upon by MHLS in identifying these thirteen persons, which was received by MHLS’s Kirby office on January 10, 2005, is attached hereto as Exhibit A.<sup>1</sup>
5. The Alpha Reports also include “Legal Status Codes,” which specify the statutory

basis for each patient's retention. A key to the codes, which was provided to MHLS by Kirby, is attached hereto as Exhibit B.

6. MHLS assumed that all patients designated with codes 52 and 53 were members of the putative class, as these are the designations for patients committed under N.Y. C.P.L. § 730.40. For example, named plaintiff Eddie L. appears on the January 10 Alpha report designated by code 53. On January 10, 2005, therefore, Mr. L. remained on § 730.40 status, with the possibility that Kirby would seek to convert him to § 9.33 status.

7. Thereafter, MHLS reviewed the legal files of all patients designated with codes 20 and 21: patients civilly retained at Kirby. Because not all civil patients at Kirby originally entered on § 730.40 status, as required to come within the ambit of the class defined above, MHLS identified those of the code 20 and 21 patients who are members of the class by looking at each patient's order of retention. The front page of Kirby's application for retention of each patient pursuant to § 9.33 identifies the legal status upon which the patient was admitted to Kirby; putative class members are those who were admitted to Kirby on § 730.40 status. The front page of Kirby's application for retention of each of the named plaintiffs is attached hereto as Exhibit C.

8. The Alpha Report uses code 99 to designate any patient who has a legal proceeding of any kind pending as of the date of the report. This can include the hospital's periodic applications for retention, applications by the hospital to treat patients over their objection, or a number of other types of proceedings. Because of the large number of Code 99 patients at any given time, MHLS relied on its Kirby attorneys to identify who, among their clients, fell within the ambit of the class defined above. For example, plaintiff Michael B., who had a retention

application pending at the time that this suit was filed, is designated as Code 99 on the January 10 Alpha Report.

9. Using these methods, MHLS identified 13 persons whom it believed to be members of the class as of February 4, 2005, when the complaint in this case was filed. These persons were named plaintiffs Michael B., Eugene C., and Eddie L., as well as Lisa B., Alfred C., Clyde C., Nicole J., Ladu K., Ronald M., Julio P., Neal R., Anthony T., and Nigel W.

10. On March 4, 2005, MHLS received an updated Alpha report from Kirby. The March 4 report is attached hereto as Exhibit D. Examining the legal status codes on the new report using the methods explained above, MHLS identified 17 persons whom it believed to be members of the putative class as of March 4. As a comparison of the two lists reveals, two of the 13 putative class members at the time that the complaint was filed, Michael B. and Lisa B., had left Kirby by March 4. But six new patients designated with codes 52 and 53 had entered Kirby in the same time period.

11. On June 8, 2005, MHLS obtained Kirby's most recent Alpha Report, attached hereto as Exhibit E. According to this report, only four of the original 13 persons identified as putative class members remained at Kirby as of that date: Eugene C., Alfred C., Eddie L., and Anthony T. However, applying the previously-explained analysis to the most recent report, there are currently ten patients at Kirby who meet the definition of the class defined above—those four, plus Karriem D., Carlos D., Raphael E., Jane F., Nelvin H., and Martil S.

12. Based on the patterns of admission and release at Kirby indicated in the three attached Alpha Reports, it can be expected that the size of the class and the identity of the class members will continue to fluctuate throughout the course of this litigation.

12. I declare under penalty of perjury that, to the best of my knowledge, the foregoing information is true and correct.
